

ABOUT US

At JFC Consulting LLC, we create bespoke strategies and solutions for our clients, based on the best practices of the sectors in which we work. Our team has experience in the areas of administrative support services, property management, professional training and development, and grant management and compliance. We go where no other consultants have gone before to deliver enhanced organizational efficiency, reduced operational costs, and increased customer satisfaction.

JFC Consulting LLC is uniquely positioned to deliver excellence across a wide spectrum of capabilities. Our skill set, coupled with a track record of success, makes us an ideal partner for government initiatives. We are committed to ensuring the success of client projects through innovation, collaboration, and a relentless dedication to quality and client satisfaction.

ABOUT OUR CEO

Ms. Coleman has extensive experience in management of grantor relationships, development of strategic initiatives, and project management. She has crafted resource acquisition strategies that have resulted in over \$10M raised. She has successfully recruited, trained, and managed both staff and volunteers. Her skills include management of affordable and market rate housing. She also plans and executes conferences and fundraising events.

Ms. Coleman's degree in urban studies, provides her with a robust foundation in critical areas crucial for effectively navigating the intricacies of government contracts. Her comprehensive background has equipped her with an extensive knowledge of policy analysis, government management, and social welfare. Ms. Coleman has dedicated her career to making a meaningful impact within the community. Her unique understanding of the complexities of the urban landscape has been applied through her work at nonprofit agencies, where she has consistently demonstrated her commitment to fostering positive change.
